As the lockdown continues, we keep following our Academic duties online, taking online classes to finish the syllabus on time. This online interaction motivated us to organise and take part in our yearly cultural activities in online mode as well. We have successfully celebrated Freshers, Farewell and Hindi Bhasa Diwas online the previous year. And this year as Schools and Colleges are still working in online mode, we are prepared to celebrate our cultural events online.

With the success of celebration of online Hindi Bhasa Diwas previous year, we were motivated and bound to celebrate Hindi Bhasa Diwas online this year as well.

Normally the Department of Hindi, Kanchrapara College organizes a grand celebration of Hindi Diwas on 14th September every year. However, as Schools and Colleges are still under online protocol, we are bound to organizing Hindi Bhasa Diwas online.

Our programme started with opening speech of H.O.D. Dr. Sunita Mondal, followed by speech from our respected Principal Dr. Pranab Kr. Bera and then from the other faculty members. Then we continue with the cultural part of our programme, where the students of Department of Hindi performed songs and poem recitation from the convenience of their home.

Celebrating Hindi Diwas in college had a positive impact on language promotion, cultural awareness, and fostering a sense of unity and appreciation for India's linguistic diversity. We are thankful to the faculty members of Department of Hindi and all the students and you respected Principal sir for been present online and attend this programme and guaranteed its success.

The strength of this program is the support of the students union, college administrative and academic body. Through the farewell programme we try to motivate our student for their bright future and try to build up healthy and supportive relationship with our outgoing student.

But there are some weaknesses to conduct this program. Those are shortage of fund, more participation is need for the arrangement of the programme in near future, space related problems which should be adjusted but in due times the college authority will fulfill these opportunities as well.

Rabindra-Nazrul Jayanti Event Report

A cultural programme in order to celebrate the Rabindra Jayanti Nazrul Jayanti was jointly organised by the Cultural Subcommittee in collaboration with IAC, Kanchrapara College and Students' Union on 9th June, 2022. The programme took place in the room no 24. The Students, Teaching staff, and non-teaching staff participated actively in this cultural programme. In the programme, I expected Principal, Sr. IAC, Co-ordinator and others were present who shared their valuable thoughts after the official inauguration of the programme.

There were variety of performances, such as - speech, dance (performance, songs (solo as well as duet and group) and recitation. The performances by the performers made the audience enchanted and joyous throughout all the time.

The programme was successful because of enthusiastic participation and love and courageous stewardship of the teacher of cultural committee and the host of relentless cooperation of the students. Musical instruments and a practice room were provided by the authority for the rehearsal which was extremely helpful.

A bunch of most talented talents have come out surprisingly. It can be assumed firmly that it will help to enhance the intellectual limits among the students and others. It has added a feather on the crown of our college to achieve further excellence.

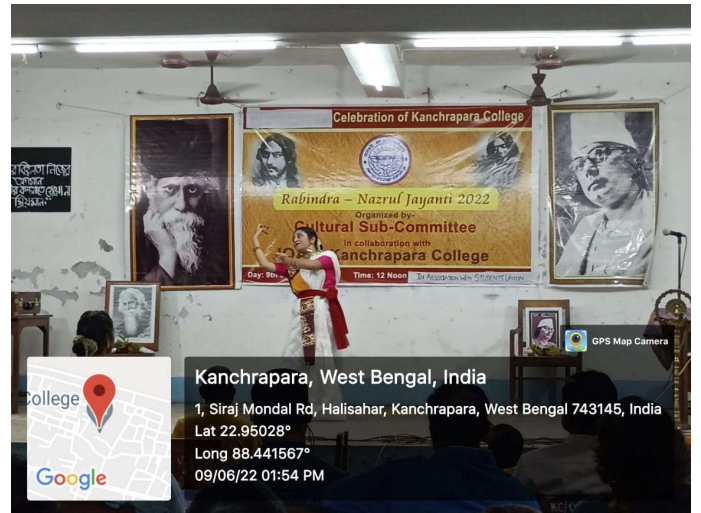

The management was little bit of the programme however has scope for improvement. There need to be more careful management of time, rehearsal etc. Sometimes the crowd management became difficult given the space and number of participants and audience at large.

The auditorium/venue was small and congested for better performance a well-decorated, well-furnished, properly air conditioned room & made with proper sound system, light and etc.

With the outbreak of covid-19 we are locked to our homes, away from our college, colleagues and friends. However, this lockdown could not prevent us from our continuing our studies, as with the advancement of technology, teachers can teach and interact with students online via internet. As we can use this internet facilities for study purposes, why can't we use it to carry out our cultural programmes, freshers, farewell ceremonies, as well.

This enthusiasm led us to organise our Farewell programme for U.G. 3rd Year and P.G. 4th Semester students, online via Google meet, on 2nd July, 2020.

Our programme started with opening speech of H.O.D. Dr. Sunita Mondal, followed by speeches from other faculty members. Then we continue with the cultural part of our programme, where the students of Department of Hindi performed songs and poem recitation from the convenience of their home.

Though we are facing an adversity right now, we managed our time and finally commit to organise this event. This event would have been a grand celebration if we could witness it live in our college. However, we turned the adversity to opportunity and finally able to successfully carry out the event.
